Mr. Meckler's presentation will be webcast live and will be accessible through the Events section of Intec Pharma's website at www.intecpharma.com, where it will also be archived for a period of time.

"This year's Main Event is our largest event to date, with 275 companies set to present and meet with investors," stated Chris Lahiji, President of LD Micro. "Even though LD has emerged as one of the largest and most influential organizations in the space, our focus has never deviated from showcasing some of the more interesting businesses in the world to our ever-growing community. Investor interest in our events has also never been stronger, and that goes for our commitment to philanthropy as well."

About LD Micro

LD Micro was founded in 2006 with the sole purpose of being an independent resource in the microcap space. What started out as a newsletter highlighting unique companies has transformed into several influential events annually (Invitational, Summit, and Main Event). In 2015, LDM launched the first pure microcap index (the LDMI) to exclusively provide intraday information on the entire sector. LD will continue to provide valuable tools for the benefit of everyone in the small and micro-cap universe.

About Intec Pharma Ltd.

Intec Pharma is a clinical-stage biopharmaceutical company focused on developing drugs based on its proprietary Accordion Pill platform technology. The Company's Accordion Pill is an oral drug delivery system that is designed to improve the efficacy and safety of existing drugs and drugs in development by utilizing an efficient gastric retention and specific release mechanism. The Company's product pipeline includes two product candidates in clinical trial stages: Accordion Pill Carbidopa/Levodopa, or AP-CD/LD, which is in late-stage development for the treatment of Parkinson's disease symptoms in advanced Parkinson's disease patients, and AP-cannabinoids, an Accordion Pill to deliver either or both of the primary cannabinoids contained in Cannabis sativa, cannabidiol (CBD) and tetrahydrocannabinol (THC) for various pain indications. In addition, the Company has a feasibility agreement for the development of a custom-designed Accordion Pill for a proprietary compound with Novartis Pharmaceuticals and a research collaboration with Merck & Co.
